

Wallaroo Preschool Philosophy

We thank our current families, children and educators for their input on this 2022 review.

In our preschool community we embrace relationships and respect between educators, children PLUS families and community to be the underpinning values of our philosophy.

Therefore we:

Families & Community

View all individuals as capable learners who bring strengths and knowledge from previous experiences.

Are flexible, responsive and equitable in supporting others and understand the diverse needs within our community.

Educators

Provide time to listen to enable deeper thinking and focussed learning.

Embrace and build upon our understanding of the rich diversity and culture that forms our community of learners.

Provide a welcoming, inclusive and supportive environment that promotes a sense of connection, security and belonging.

Establish and foster reciprocal relationships built upon kindness, trust, respect and meaningful communication.

Create inspiring spaces that encourage wonder and curiosity.

Are motivated and committed to learning with and alongside each other.

We live on Nharangga Land. We play and learn on Nharangga Land. We thank the Nharangga People for sharing their land with us.

Our philosophy is underpinned by the Principles, Practices and Learning Outcomes of the Belonging, Being & Becoming Early Years Learning Framework and the National Quality Framework.
